LOCAL BRIEFS.

Matters of Minor Moment in and About the City.

MATINEE at the Academy to-day.

One marriage license was issued yesterday.

MEETINGS for young men will be held at the Y. M. C. A. building at 7:30 o'clock to-night and 4 o'clock to-morrow.

ANOTHER summer day yesterday rendered spring fever epidemic and brought out enough promiscuous to crowd the sidewalks.

THE Y. M. C. A. will give a reception to their members and friends next Tuesday evening. An attractive programme has been arranged.

GEORGE SCHADE, a carpenter, was arraigned before Judge Squire last night, on charge of battery, and released by Elizabeth Hall. He was held.

SOME very pretty paper, displayed announcing the engagement of Kate Castle to "Crazy Patch" at the Opera House next Friday and Saturday.

THURSDAY evening a little three-year-old daughter of John Scarbrough, who lives on Thirty-third street, fell out of a high chair and had her right arm severely fractured near the elbow.

T. M. GAVIN, Esq., gave his usual law lecture to the students of the Business College yesterday morning on the subjects of "Partnership, Factors and Brokers." The lecture was very interesting and instructive.

THE supply pipe which feeds the boilers at the Hinger factory sprang a leak yesterday, and operations had to be temporarily suspended. Repairs were commenced at once and quickly finished. The report got abroad that an explosion had occurred, but there was no truth in it.

GEORGE FREEMAN will have before him to-day on a charge of assault, Fannie McLaughlin, and on charges of breach of the peace, Mrs. E. M. McLaughlin, Fannie McLaughlin, Ed. McLaughlin, Mary McLaughlin, William McLaughlin, Daniel McLaughlin, Emma McLaughlin and Susan McLaughlin. The cases all grow out of a family row.

THE Chapel of St. Luke's Pariah, on the island, has been nicely fitted up. New gas fixtures, papering and carpets have made the building very pleasant and comfortable. The chapel Mr. Gantt is holding his frequent lecture service and class instruction for confirmation. All the services are well attended and a number have already offered themselves to the Lord.

A NEW horse was purchased yesterday by Onet Dunning for the department of the U. S. Army. The horse is a large iron gray, with dark points, about 17 hands high, and weighs 1,000 pounds. He will be six years old in June. He was much admired by those who saw him. He was bought of a man named Clark, living near St. Clairsville.

THE sale of reserved seats will commence at Baumer's music store this morning for the engagement of Frank I. Frayne in the new "S. S. Locomotive" at the Opera House next Monday, Tuesday and Wednesday evening. Mr. Frayne is said to have a good company and an attractive play; he will doubtless have large audiences at all four of his performances.

HE GETS SEVEN DAYS IN TIME

John F. Shillineau, clerk and Under-taker to the Justice's Shop.

Last evening while Justice Davis was chatting a few moments at the door of Justice Phillips' office with the latter and Constable Birt, John F. Shillineau came along in a drunken condition and stopped by the side of Justice Davis, and began to call him very ugly names and to use language too profane and indecent to be told anywhere. Justice Davis put him under arrest by placing him in the custody of Constable Birt at once. He was committed to jail by Justice Davis on seven days of confinement and sentenced to pay a fine of one dollar and costs for each offense and be imprisoned ten days for each offense, or seventy days in all. John is a lay boy and belongs to the "Dirty dand" of East Wheeling. He was sent to jail by Justice Davis last fall for fifty days for throwing a stone through a window at the Central Glass Works and striking a boy on the head. When he was sentenced to jail last evening, a dog called the property of Dr. Reed M. Baird, was found in his pocket.

BARLEY'S LAW SUIT.

Papers to be filed to-day—An Association

Yesterday's *Pittsburgh Times* says: President McKnight, of the American Association, yesterday issued a call for a special meeting of that body to be held at Cincinnati on Saturday. The call was issued at the request of the "Dirty dand" of East Wheeling, Baltimore and Brooklyn. Mr. McKnight said yesterday: "The clubs do not state what business they wish to bring before the meeting, but I suppose it is the Barley affair."

A bill in equity on behalf of Samuel Barkley against the American Association, in which he will ask the court to adjudicate the dispute which resulted in his suspension by the Association for one year, and the imposition of a fine by the Association, and also for an injunction restraining the Association from interfering with or molesting him in the discharge of his contract with the Allegheny club, will be filed in court to-morrow morning.

Natural Gas for Bellair.

Meets, W. H. Hearne and Alfred Caldwell were at Bellair Thursday evening representing the West Virginia Natural Gas Company. Meets, Flynn and Gillespie had applied for the right to run a pipe through the streets of the city for their proposed natural gas pipe line, and the representatives of the West Virginia Natural Gas Company asked that the privileges be extended to the companies by the ordinance. This was not acceptable to the other parties, and the Council Committee thereupon agreed to report two ordinances, giving to the two companies the same privileges and rights.

Deputy U. S. Marshal Resigns.

Clerk Shanley, of the Board of Police and Fire Commissioners, has resigned his position as Deputy United States Marshal at this point. His duties as Clerk of the Board keep him so busy that he has no time for the duties of any other position. No successor will be appointed by Marshal Sehon, as one Deputy is all that is needed here, and Col. T. P. Shanley will retain his present position.

NOBLE BROS.

SECRETARY EVANS

OF NATIONAL MINE FEDERATION

Visits Wheeling to make Home Inquiries—An

Abhorrent Attempt to hold a Conference

last Night—Informal Talk of In-

terest at the St. James Hotel.

Christopher Evans, of New Straitsville,

Ohio, Secretary of the Federation of Miners

and Mine Laborers of the United States,

chairman of the late convention of miners

and mine operators at Columbus, and also

Secretary of the National Board of Arbitration

appointed at that convention, arrived in Wheeling Wednesday

evening, and left for his home last night

at 8 o'clock. His errand here was to make

inquiries as to whether the miners who have

formed a local branch of the Federation here,

were working under circumstances which made

it the duty of the Federation to refuse to accept

them as members, as had been charged by other

miners here.

It was announced last evening that a

joint conference of the operators, members

of the local miners' union and those of the

National Federation would be held at

Kasley & Brodick's office, Mr. Evans being

present. At the hour for the meeting,

however, several of the Union miners ap-

peared and announced that they would

not meet with "scabs." Mr. Evans was

telephoned to at the St. James Hotel, and

said he had to make the 8 o'clock train on

the Pan Handle for home.

Messrs. Kimberly and Brooks, of the

operators, with President Goshorn and

Secretary Freebott and Mr. Leamon, of

the Federation, hastened to the hotel, and

had a brief informal talk with Mr. Evans,

who said that he was willing to stay for

the proposed conference, but being told

that the Union miners would not attend,

he concluded to leave. Mr. Kimberly

thought it odd that Mr. Evans, representing

a federation on fraternal terms with the

Organization of which he and Mr. Brooks

were members, would remain in Wheeling

as long as he had, on the business which

he had brought him here, and not call

on the operators or communicate with

them. Mr. Evans said he had some infor-

mation concerning the situation. "From

whom?" asked Mr. Kimberly; "from the

public prints?"

Mr. Evans said he had seen the Union

miners, had talked with Mr. Brooks and

had seen the public prints, and had a

pretty good idea of the existing troubles.

Mr. Kimberly continued that two con-

ferences had been held, from which the

reporters of the morning press were ex-

cluded, while newspaper men interested

in the matter were present at one of the

committees. He objected to this one-

sided way of doing things. The published

reports of the former conferences, made

by these parties he referred to, were

garbled and unfair; not a word of his

statement of the case had been printed,

though he had read it from manuscript

and would have been willing to pay for its

publication.

Mr. Edmund, Secretary of the Ohio

Valley Trades and Labor Assembly, en-

tered at this point and was presented to

Mr. Evans by Mr. Brooks.

The time growing short, Mr. Evans an-

nounced that he would call the National

Board of the miners' organization and

lay his information before them. Their

decision would decide whether the mon-

ey working in the peddling banks here

would be admitted to the Federation.

Mr. Kimberly said he and other oper-

ators had entered the Federation in good

faith, intending to abide by all its rules

and demands, and the system in vogue el-

ewhere he adopted. "It was a question

whether the operators here gave up the

business, or obtained terms with their

workmen which would enable them to

meet the competition to which they were

subjected. Some of the operators ac-

cepted these terms. Others accepted and

are now at work; these are the miners

who seek membership in the Federation.

The parties who object are employed in

Accidents and Incidents in West Virginia and Vicinity.

Washington, Pa., is to be lighted by an

electric light company using incandescent

lamps.

Hon. George C. Sargis, of Morgantown,

has contracted to deliver an

eastern firm several thousand feet of

sawed lumber at \$23 per thousand.

Mr. David Westenhaver has been taken

into partnership with Hon. W. H. H.

Flick, United States District Attorney, of

Easton, in place of Mr. W. T. Hen-

shaw.

Col. Jerry Hill, the well known prop-

rietor of Hill's Central Hotel, at Park-

ersburg, has leased the Western Hotel at

Sistersville, for a term of years. He will

run both hostilities.

A correspondent of the *Fayette Ex-*

press suggests Mr. J. Eugene Sargis, a well

known coal operator there, as a possible

candidate for the Republican nomination

for Senator Camden's seat.

The Orrel Coal Company has purchased

a large tract of coal land on the line of the

F. M. & P. Railroad near Houltonville, for

\$17,000. The purchase does not include

the surface land underlying the coal.

An opening will be made at once,

and this valuable coal field opened up.

Isaac Comar, a Justice of the Peace in

Kanawha county, has been arrested by

one of Marshal Sehon's deputies on a

capias from the District Court at Park-

ersburg, for violation of the Federal laws.

He gave bond in the penalty of \$2,000 for

his appearance at the June term of court

at Parkersburg.

Prof. W. P. Willey, of the Faculty of the

State University at Morgantown, for-

merly editor of the *Register*, of this city,

has purchased a lot there and has begun

to erect a three-story frame dwelling
